

KABA

STORY (VERSION 1)

Ingenuity, Unlocked

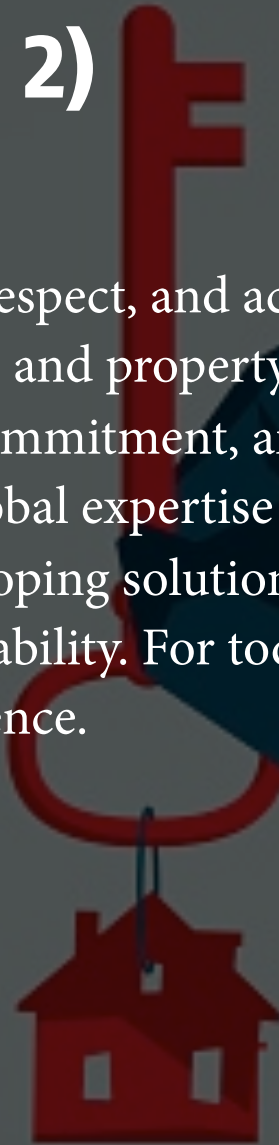

In a world of uncertainty, we all have the need to feel safe and secure. At Kaba, we are constantly innovating and growing our product offer to stay one step ahead and evolve with an ever-changing world. Our passion for innovation drives us to develop high-value, extraordinary products that reflect the precision and quality of our Swiss heritage. Our relentless ingenuity sets us apart, making us the leaders in development and security.

STORY (VERSION 2)

Partner-Inspired Innovation

Security is built on trust and respect, and achieved through long-term partnership. To protect people and property, we deliver first-class services through ongoing exchange, commitment, and inspiration with our partners. We use more than 150 years of global expertise to understand the current and future needs of our customers, developing solutions that exceed expectations in operational efficiency and reliability. For today and tomorrow, Kaba is your partner for growth and excellence.

STORY (VERSION 3)

Security for the People

Security is an existential human need - one that grows stronger as the world grows closer. However, security can be complicated, putting people, homes and even countries at risk. At Kaba, we engineer safe, convenient and efficient solutions designed for simplicity. Our products fit seamlessly into daily life, reflecting our passion for innovation and courage for leadership. By designing with empathy - for the needs and desires of our customers - we are radically changing the face of safety. Kaba is security for people.
